WELCOME MESSAGE

Thank you for taking time from your busy schedule to learn more about WeldTech Engineering Ltd.

We highly appreciate your interest in our company. This profile provides a brief overview of who we are, what we do, and how we deliver reliable engineering solutions within the mining and construction industries.

At WeldTech Engineering Ltd, we believe that strong partnerships are built on trust, quality service, and mutual growth.

We are committed to delivering exceptional engineering services that support our clients' operational success.

We look forward to the opportunity of working with you and building a long-term business relationship.

Company Overview

Introduction

WeldTech Engineering Ltd is a Tanzanian locally owned Limited Liability Company incorporated in the United Republic of Tanzania. The company is fully owned and managed by Tanzanian professionals with extensive experience in mining, engineering, and construction industries.

WeldTech Engineering Ltd is registered with the Contractors Registration Board (CRB) as a Class Four Contractor, enabling the company to undertake a variety of engineering and maintenance projects.

The company was established by experienced professionals with extensive backgrounds in mining maintenance, mechanical engineering, and construction services. WeldTech Engineering was formed to bridge the gap in local participation within Tanzania's mining sector while offering world-class engineering services.

Our company specializes in providing mechanical engineering services, mining maintenance solutions, technical support services, and skilled manpower supply for mining and construction operations.

We operate with modern equipment, specialized tools, and a team of highly trained technicians who ensure that our services meet the highest standards of safety, efficiency, and reliability.

Mission & Vision

MISSION

To be a respectable and reliable Mechanical Engineering Contractor, delivering high-quality services that consistently exceed the expectations of our valued clients

VISION

To become a leading engineering service provider in Tanzania by delivering high-quality, safe, and cost-effective engineering solutions within reasonable project timelines.

Core Values

RESPECT

We treat our employees, clients, partners, and stakeholders with respect, trust, and professionalism

TEAMWORK

We believe collaboration and teamwork are essential to achieving excellence and delivering successful projects.

INNOVATION

We encourage creative thinking and innovation to continuously improve our engineering solutions and services

INTEGRITY

We uphold the highest ethical standards by integrating honesty, transparency, and accountability into all aspects of our business operations.

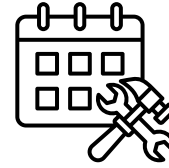

OUR SERVICES

WeldTech Engineering Ltd provides a wide range of engineering and technical services within the mining and construction sectors. The company specializes in delivering reliable, high-quality solutions that support the development, maintenance, and efficiency of industrial operations.

With a team of skilled engineers and technicians, WeldTech Engineering Ltd offers services such as welding and fabrication, equipment installation, mechanical maintenance, structural works, and on-site technical support.

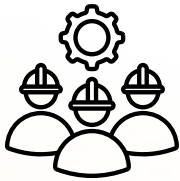

What we Do

MECHANICAL ENGINEERING

- Fabrication and welding works
- Equipment repair and maintenance
- Structural steel works
- Mechanical installations

MAINTENANCE SERVICES

- Plant and equipment maintenance
- Preventive and corrective maintenance
- Shutdown maintenance support
- Equipment inspection and repair

MANPOWER SUPPLY

- Skilled technicians
- Welders and fabricators
- Mechanical fitters
- Maintenance personnel

QUALITY CONTROL

- Material inspection
- Dimensional checks
- Weld inspection
- NDT inspections (VT, PT, MT, UT, RT)
- Documentation review
- Final acceptance inspection

TECHNICAL SUPPORT

- Engineering technical support
- Field technical services
- Maintenance planning support

QUANTITY SURVEY

- Cost Estimation & Budgeting
- Bills of Quantities (BOQ) Preparation
- Tender Documentation & Evaluation
- Contract Administration

Our Team

The success of WeldTech Engineering Ltd is driven by its highly skilled and dedicated workforce.

Our team consists of multi-skilled technicians, engineers, and experienced professionals who bring extensive knowledge and hands-on experience in mining maintenance and mechanical engineering.

We focus on recruiting competent personnel and continuously invest in training and skills development to ensure our team remains knowledgeable in modern engineering practices and equipment technologies.

By maintaining a strong and capable workforce, we ensure that every project is executed with professionalism, efficiency, and attention to detail.

Health, Safety and Environment policy

Safety is a core priority at WeldTech Engineering Ltd. We are committed to maintaining a safe working environment for our employees, clients, and the communities where we operate.

Our HSE policy focuses on:

- Preventing workplace accidents and injuries
- Promoting health and safety awareness among employees
- Ensuring compliance with health and safety regulations
- Protecting the environment and minimizing operational impact

Safety Policy Implementation

WeldTech Engineering ensures:

- Continuous safety training for employees
- Proper safety procedures during operations
- Accident prevention programs

Compliance with occupational health and safety regulations

Components of Safety & Health Plan

- Leadership and Accountability
- Health and Hygiene
- Incident Reporting and Investigation
- Risk Assessment and Management
- Legal Compliance and Document Control
- Planning, Goals, and Targets
- Monitoring, Audit, and Review
- Communication and Employee Participation
- Emergency Preparedness and Response

Code of Conduct

WeldTech Engineering Ltd maintains strict ethical standards and operates with transparency in all business dealings.

The company strictly prohibits:

- **Bribery and corruption**
- **Kickbacks or improper payments**
- **Fraudulent practices in procurement or contracting**

We support the Government of Tanzania's anti-corruption initiatives and ensure all employees comply with the company's Code of Conduct policy. Employees are required to participate in annual compliance training and formally commit to ethical conduct.

Our Competitive Advantage

WeldTech Engineering Ltd stands out in the industry due to:

- Strong local industry knowledge
- Skilled and experienced technical personnel
- Commitment to safety and quality
- Cost-effective engineering solutions
- Reliable service delivery
- Strong customer relationships

Our Projects

Our projects focus on delivering reliable engineering solutions for the mining and construction sectors. They include mining plant maintenance support, engineering support for construction operations, structural fabrication projects, and mechanical repair and maintenance works, all aimed at ensuring efficient and safe operations.

Some of Our Projects

PROJECT NAME	CLIENT	DEPARTMENT
Boilermaker Labour Hire	Barrick North Mara	UG Fixed Plant
Sewage plant steel work repair	Barrick North Mara	Engineering Service
Boilermaker Labour Hire 14 days	Barrick North Mara	UG Fixed Plant
Fabricate and install isolation valve at TSF	Barrick North Mara	Engineering Gold Plant
ADT080, 79 and LHD088, 095 Line Boring	Barrick North Mara	UG HME
Ducktail Box extension - Trays	Barrick North Mara	UG HME
Gokona water treatment plant repair	Barrick North Mara	Engineering Service
EX21 Bucket and H link line boring	Barrick North Mara	OC HME
DR51 Boom swing cylinder brackets repair	Barrick North Mara	OC HME
DR52 Top sub repair X5	Barrick North Mara	OC HME
Line boring ADT80, 79 Hitch and LHD88	Barrick North Mara	UG HME
Metso Bar Manufacturer	Barrick North Mara	Engineering Gold Plant
Gen15 Alternator Berry plate refurbishment	Barrick North Mara	Engineering Gold Plant
Standby water pipes fabrication and installation	Barrick North Mara	Engineering Gold Plant
X3 Water Tanks fabrication for UG	Barrick North Mara	UG Fixed Plant
Sample Gearbox repair	Barrick North Mara	Engineering Gold Plant
Waste Bins fabrication X16	Barrick North Mara	Environment
Installation of Fire and Portable water Pipeline WTP	Barrick North Mara	Project
X4 Boilermakers Labor hire - May	Barrick North Mara	UG Fixed Plant
Ducktail box extension X2	Barrick North Mara	UG HME
Spare water pipes fabrication	Barrick North Mara	Engineering Gold Plant
777E Tray number one	Mantrac	Service
777E Tray number Two	Mantrac	Service
777E Tray number Three	Mantrac	Service
ADT80 Line boring X9 bores	Barrick North Mara	UG HME
X4 Boilermakers Labor hire - June	Barrick North Mara	UG Fixed Plant
988 Bucket Modify	Barrick North Mara	OC HME
Line boring X20 Bores	Barrick North Mara	UG HME
DT40 A-Frame Line boring	Barrick North Mara	OC HME
Flanges fabrication for new pump station	Barrick North Mara	UG Fixed Plant
Mantrac Warehouse roof repair	Mantrac	Warehouse
Fabrication and installation of Pipes and Mill chutes	Barrick North Mara	Engineering Gold Plant

Projects (continues)

PROJECT NAME	CLIENT	DEPARTMENT
CIP Container floor refurbishment	Barrick North Mara Mine	Water Treatment Plant
Incinerator Refurbishment	Barrick North Mara Mine	Environmental
RIG 50 Spindle Threads repair	Barrick North Mara Mine	OC HME
Carbide wear strips cutting with plasma	Barrick North Mara Mine	OC HME
RIG53 Jaws modification	Barrick North Mara Mine	OC HME
Reactor Gearbox two shafts machining	Barrick North Mara Mine	Water Treatment Plant
DR50, 51 & 53 Top Sub Repair	Barrick North Mara Mine	OC HME
Handrails Fabrication and installation	Barrick North Mara Mine	Engineering Service
DR51 Spindle threads repair - Three	Barrick North Mara Mine	OC HME
Diesel engine exhaust pipes fabrication	Barrick North Mara Mine	Engineering Gold Plant
Water Tanks Fabrication 40' X3 and 20' X5	Barrick North Mara Mine	Fixed Plant Underground
DR52 Spindles thread repair	Barrick North Mara Mine	OC HME
DR50 Spindles thread repair	Barrick North Mara Mine	OC HME
ADT080 Pivot Line boring	Barrick North Mara Mine	UG HME
Settling Pond U Channels Fabrication	Barrick North Mara Mine	Project
LHD827 Line boring	Barrick North Mara Mine	UG HME
DR52 Subs and Spindles refurbishment	Barrick North Mara Mine	OC HME
HME Workshop damage repair	Barrick North Mara Mine	OC HME
LHD090 Line Boring	Barrick North Mara Mine	UG HME
DR53 Spindle Refurbishment	Barrick North Mara Mine	OC HME
UG Trailer for Pipes Fabrication	Barrick North Mara Mine	UG HME
992 Boom Line Boring	Barrick North Mara Mine	OC HME
LHD088 Line boring	Barrick North Mara Mine	UG HME
CIL Tanks Lounder Fabrication	Barrick North Mara Mine	Engineering Gold Plant
DR 50 and 52 Top sub x4 repair	Barrick North Mara Mine	OC HME
UG Boilermakers Hire	Barrick North Mara Mine	Underground Plant
GR10 Hub and Spindle repair	Barrick North Mara Mine	OC HME
EX 21 Stick Line boring	Mantrac	Warrant
Pinion gears fabrication x2	Barrick North Mara Mine	Engineering Gold Plant
Carbon recovery screen installation	Barrick North Mara Mine	Engineering Gold Plant
Centre Hitch Line boring - ADT34	PANAFRICA	Warrant
DR 50, 51 and 52 Top sub repair	Barrick North Mara Mine	OC HME
UG Steel bar special tool fabrication	Barrick North Mara Mine	UG HME
CIL Launderers X3 Fabrication	Barrick North Mara Mine	Engineering Gold Plant
Cylinder storage Upgrade	Barrick North Mara Mine	Warehouse
LOW Bed Cylinder pins fabrication	Barrick North Mara Mine	OC HME
DR52 Top sub repair x5	Barrick North Mara Mine	OC HME

Portal Fabrication and Installation

NDT: Ultra Sonic Testing

Projects (Tanks)

We fabricate high-quality tanks used in various mining activities, designed to meet the demanding conditions of mining environments. Our tanks are engineered with durability, safety, and efficiency in mind, ensuring reliable storage and handling of water, chemicals, fuel, and other operational fluids required in mining processes.
